EXP 7

The online beauty parlour appointment booking system allows users to browse available services, view stylist profiles, and check appointment slots in real-time. Users can register, log in, and manage their appointments through a personal dashboard. The booking process includes selecting services, choosing a stylist, selecting a date and time, and making secure payments via an integrated payment gateway. Admins can manage service offerings, stylist schedules, and user accounts through a comprehensive admin panel. Users receive appointment confirmation emails and reminders, with the option to reschedule or cancel appointments through their dashboard. The website is fully responsive, ensuring an optimal experience on all devices. This website helps customers to search for any beauty parlour and book appointments as they preferable date and time.
